Estate Cabernet Sauvignon 2016

Napa Valley, California

ESTATE

Chateau Montelena's history is one of the deepest and most storied in the Napa Valley and California. Founded just north of Calistoga in 1882, it was one of the largest wineries in the state. Prohibition put an end to Montelena's winemaking, and the next major era began in 1968, when Jim Barrett purchased the estate. Jim fell in love with this exceptional property, blessed with a complex mix of soils, slopes and biodiversity of wildlife and fauna. He had a dream of creating wine at the level of the great First Growths of Bordeaux, and set about replanting the vineyard, outfitting the winery with modern equipment, and studying the processes necessary for farming and winemaking at the highest quality level.

WINE

Jim Barrett's dream of Chateau Montelena was that this wine, their flagship Cabernet Sauvignon, achieve the balance and complexity of flavors, aromas and textures to be considered among the great examples of Cabernet in the world. Almost since his first vintages in the 1970s, this wine has been a show-stopper that has everything in place, while revealing the majesty and distinctive character of the estate vineyard site that the Barretts led to recognition as its own appellation, Calistoga. Today, the 50-year legacy of excellence in farming, crafting and blending powerful wines and continued innovation is what sets Chateau Montelena Winery apart.

"The 2016 Cabernet Sauvignon Estate is dark, ample and totally seductive. Black cherry, mocha, plum, spice, new leather and tobacco all meld together. Pliant and supple, the 2016 is already incredibly delicious. This is an especially mid-weight wine and style. Accordingly, the 2016 Estate will drink well with minimal cellaring. The Estate was bottled just two months before this tasting. I imagine it will put on some weight with further time in bottle. All the elements appear to be in the right place for that to happen." - ANTONIO GALLONI
